

ECS Tennis Academy

Q: Is being in the Tennis Academy at ECS equivalent to having an ECS sports scholarship?

A: From a prestige point of view being an ECS Tennis Academy Scholar has the same merit as being awarded any other Ewell Castle School Scholarship. Members of the ECS Tennis Academy are Tennis Scholars and treated as such at Ewell Castle School. However, there is a difference in how the School financially supports ECS Tennis Academy Scholars compared with other ECS Scholars. The latter receive money off their School fees, whereas ECS Tennis Academy Scholars have their tennis training funded by the School.

Q: If a child is admitted to the ECS Tennis Academy, do they receive money off/remission off the School fees?

A: Most members of the ECS Tennis Academy do not receive money off/remission off their School fees. This is because the ECS Tennis Academy Coaching Programme is fully funded by the School. In Years 7, 8 and 9 this is done by pupils training during their double Games lessons, their double P.E. lessons and another double lesson decided by the timetable manager. Core subjects are not affected. For those in Years 10 and 11 who have selected their options, one of their 'options' is ECS Tennis Academy. In the Sixth Form, their hours are taken from students' Games lessons and 'free' study periods across the curriculum, in agreement with the parents. All players are expected to train before and after School if time tabled.
